Y. M. C. A. TO HAVE SOCIAL ROOM

At the meeting of the Board of Directors of the Y. M. C. A. last Monday evening, an appropriation was made for the purpose of fixing up a social hall for the members of that institution. The room known as the "Free Reading Room" will be used for the purpose. It will receive a thorough overhauling and refitting. The style of furniture will be on the Mission type.

Those devoted to the educational part are going to inaugurate a summer night school for boys during May, June and July.

Men-meetings on Sunday afternoons have been given up and a Bible class will take its place.

The Governor expresses a belief that the liquor bill will be handled by the House in an intelligent manner befitting that body, although he says he has heard it said that the House would kill any bill not to their liking. The Governor believes the bill is not half bad and contains some very good features.

IMPROVEMENT WORK IN MANOA VALLEY

Progressive Policy of Club Is Having A Good Effect

There was a big meeting of the Manoa Improvement Club last Monday evening at the residence of Judge H. E. Cooper, Pupukeo. Among other important moves on hand by this enterprising club is the opening of Oahu avenue from College Hills to Metcalf street, from whence there is easy access to Beretania street. Final action in regard to the extension of the carrier system to Manoa and the inauguration of a volunteer fire organization, equipped with extinguishers which will be on hand to assist in stopping any incipient conflagration, was taken.

The Forestry Committee, in the hands of Byron Clarke, the well known horticulturist, is proposing the planting of a large number of hardy trees along the beautiful Manoa drive. The lower Manoa road is now being splendidly macadamized with a large cement drain on the Ewa side, running from Kamehameha Road to Wilder avenue.

The advent of the Mid-Pacific Institute, which will spend several hundred thousand dollars on their plant near Highland Park, has encouraged many of the Manoaites to renewed exertions on behalf of their scenic and historic valley.

SUICIDE COMMITTED IN JAPANESE HACK

An exciting runaway occurred early yesterday morning and as the result a Japanese hackman will tie his horse when he leaves him if only for a short time. The Japanese in question left his horse standing on Nuuanu street unattended, and the animal decided to take a little run on his own account. It started straight for the waterfront down Nuuanu street, but on reaching Queen street curved and traveled Wai-iki on that thoroughfare to Fort. Making a pretty turn down Fort street the animal hurried on and only stopped when the water was reached. Not when the waterfront was reached but when the water was reached.

A fleet of Japanese sampans was immediately called into action but too late to save the horse, which was drowned. The hack was recovered and turned over to the owner, but there may be a salvage suit brought in the United States courts on the ground that the hack when rescued was a boat floating on the waters of the harbor.

GLARA WARD SOON DUE IN HONOLULU

The Clara Ward, the gasoline schooner which will be used by the Commercial Pacific Cable Co. between Honolulu and Midway for the purpose of carrying supplies, should be on her way to Honolulu in the near future. Her engines have been installed by the United Engineering Works at San Francisco and include an unusually large ice machine of what is known as the Allen air type.

LOCH GARVE'S CAPTAIN BOOZED IT UP

The cook of the British ship Loch Garve is attracting attention to himself and it might be said, creating a small sensation by his testimony in the inquiry now going on regarding the stranding of that ship on Molokai some weeks ago. He said yesterday: "I saw Captain Ritchie sober on four occasions on the voyage from Antiochaga to Honolulu."

He testified that Captain Ritchie was more or less under the influence of liquor at all times during the voyage; that he kept the liquor under lock and key in the compartment where the chronometer was located and that it was the practice of the captain to consult the chronometer frequently.

The deposition of several sailors of the ship, which were gone over yesterday by Acting Consul Foster, show that Captain Ritchie "hit it up" quite frequently during the voyage.

Able Seaman Shireffs testified that at the burial at sea of a lad named Lewis, who died of dysentery through neglect by reason of the captain being too drunk to give him proper attention, the captain was so drunk that he could not read the burial service. The witness himself did not drink.

The hearing will resume at 4 p. m. today.

WILL LECTURE AGAIN

Dr. C. A. Payne is slated for another lecture on Saturday night. His previous lecture, given recently at St. Louis College hall, was very interesting and instructive and there is no reason to believe that the one promised will fall short. The subject, "A Ramble Through Europe," should be of utmost interest.

It is reported that over one hundred pictures will be thrown on the screen at the coming lecture.
